

Title: Title I, Payroll/Personnel Manual

Chapter:

Bulletin: Title I, 06-22, Modification to the NFC Security Warning Banner

Date: October 30, 2006

To: Holders of the Payroll/Personnel Manual

In order to comply with mandatory changes issued by the U. S. Department of Agriculture (USDA), Office of the Chief Information Officer (OCIO), the National Finance Center (NFC) will be updating the security warning banner that is displayed prior to the logon process for all NFC mainframe, web, and client applications.

On October 27, 2006, the updated security banner will automatically display when you log on the NFC mainframe and any web application. However, for the client applications, the new NFC Logon Version 1.07 will need to be downloaded to include the updated security warning banner. The NFC Logon Version 1.07, with the updated mandatory security banner, will be available on the Download Center on the NFC home page and must be downloaded prior to November 14, 2006. After November 14, 2006, the NFC logon Version 1.06 will no longer be available.

Updated Security Banner

The current security warning banner will be replaced with the following verbiage:

This is a United States Department of Agriculture computer system, which may be accessed and used only for official Government business (or as otherwise permitted by regulations) by authorized personnel. Unauthorized access or use of this computer system may subject violators to criminal, civil, and/or administrative action. All information on this computer system may be intercepted, recorded, read, copied, and disclosed by and to authorized personnel for official purposes, including criminal investigations. Access or use of this computer system by any person, whether authorized or unauthorized, constitutes consent to these terms.
